AERÉ MARINE
A Performance Inflatables Company

EVENT CALENDAR

2026–2027 Boat Shows and Marine Events

Fall resets the boat show calendar. This guide covers the major shows and the tournaments and marine events worth planning around, with 2026–2027 dates from each organizer and where **the AERÉ team** exhibits or attends. Stop by to see inflatable fenders, the Workfloat Platform, and Fenda-Sox covers in person.

DATE	EVENT	LOCATION	AERÉ PRESENCE & NOTES

July	**Tri-State Canyon Shootout**	Block Island, RI	75 to 90 boats fishing off Block Island
July	**Camden Classics Cup**	Camden, Maine	Classic yacht regatta and parade of sail

PLAN YOUR SHOW SEASON

Planning your show season starts with your docking setup. Measure the impact zones along your hull and note your slip constraints. Then check your storage before you commit to new gear.

Deflated, an inflatable fender takes up to 90% less storage space than a solid vinyl fender, which matters most on smaller boats where locker space is tight.

Size fenders by boat length using the **AERÉ fender size guide**, and carry at least three on most cruising boats.

MEET THE AERÉ TEAM

At FLIBS or Palm Beach, you can sit down one-on-one with the AERÉ team. Bring your hull measurements and slip details, and the team can help you choose fender sizes. Fenda-Sox covers can be custom-made to fit any fender, including other brands.

If you'd like a set time with the team, check our **events page** before the show.
